

PROFESSIONAL HISTORY

MIN OK PARK

2020 Kittredge Street #109
Berkeley, California, USA
Phone: (+1) 510-944-5943
Email: id23234545@berkeley.edu

EDUCATION

Hanyang University, Seoul, South Korea
B.S. in Mechanical Engineering, 2009-2015

CERTIFICATION

Internship at Rolls-Royce Marine, Norway (January 2013)
Internship at Marin Teknikk in Norway (December 2012 to February 2013, and July 2013)
Participated in BSOAP (Business & Social Organization for Asia and Pacific) in Seoul
(August 2009, August 2012)

OTHER SKILLS/ TRAINING

- Designing and interpreting the operations of propellers based on fluid mechanics as a capstone project by using FLUENT
- Received management training in the field of mechanical engineering by actively participating in Management Analysis Club at Hanyang University

COMPUTER LITERACY

MATLAB; ANSYS; CATIA; Microsoft Word; Microsoft PowerPoint; Microsoft Excel;

LANGUAGE SKILLS

Fluent in Korean: Speaking, Listening, Reading & Writing
Efficient in English: Speaking, Listening, Reading & Writing

PROFESSIONAL EXPERIENCE

Nov. 2012, Feb 2013
Aug. 2013, Dec. 2013

Shinan Heavy Industry Co.,Ltd, South Korea

- Worked as an intern in quality management department, hull production department, and in financial department at a shipyard
- Participated in sea-trial of a bulk carrier for 5 days
- Checked unit assembly and block assembly
- Participated in mounting and operating components of vessels on the board
- Checked the status and quality of tanks, pipes, noises, and welding
- Checked the financial statements, income statements, and balance sheets of the company

Dec. 2012-Feb. 2013
July 2013

Marin Teknikk, Norway

- Checked and corrected the drawings of component and pipe arrangements of Platform Supply Vessel by using AutoCAD program.

- Translated the contracts and specifications of vessels and components from English to Korean.
- Participated in technical meetings with Marine Teknikk employees in order to solve the problems regarding vessels.
- Visited Kleven Verft shipyard in Norway for checking used components, pipes, and the designs of vessels.

Jan. 2013

Rolls-Royce Marine, Norway

- Participated in assembling Tunnel and Azimuth Thrusters by looking at production designs, and checked the temperature distributions of assembled propellers
- Operating DP systems through simulation programs.

EXTRACULUAR ACTIVITIES

2009-2015

Hanyang Management Analysis Club

- Served as the Vice-President (2012)
- Actively coordinated educational programs to learn about management skills, such as SWOT and STP for improving marketing strategies, and promoted positive relationships between members
- Participated in annual conference forums, such as McDonald, and presented different marketing strategies

Aug. 2009, Aug 2012

BSOAP (Business & Social Organization for Asia and Pacific)

- Participated in group meetings related to marketing with Japanese students from Keio University and Waseda University of Japan
- Presented better strategies to improve sales of common items between South Korea and Japan by using different marketing tools, such as SWOT, STP strategies.
- Broadened perspectives by having discussions regarding future and global items.

AWARDS

Hanyang Academic Excellence Award 2012

- Rewarded by Deok Ho Lim, the president of Hanyang University, given to the top 3% of students based on grades at Hanyang University
